Why Choose Limhamn Pilates?

✓ **Small groups for personal attention**

Boutique studio, friendly community

✓ **Hands-on mentorship in-studio**

Mentoring by our Founder and senior instructors

✓ **Structured progress + real teaching practice**

Our Instructor education requires focused study of between 1-3 months in our studio to gain thorough hands on experience to become an expert instructor.

✓ **Focus on Classical technique + somatic principles**

Clear principles that get results.

✓ **Internationally recognised Certification**

Your Certificate will be recognised wherever you go in the world

✓ **Internationally trained lead instructor with over 10 years of teaching experience**

Our principal has been trained and mentored by the best in the industry from USA, Italy, Great Britain and more & holds many international certifications.

✓ **Trained by 2nd & 3rd generation Classic Pilates teachers**

Our Principal has been mentored by direct educators of 'The Work', a hand picked group of exceptional calibre instructors, not only in teaching classical Pilates but educating in the method at the highest level

✓ **Not only a certificate but 1-3 months in studio apprenticeship study - not currently available in Sweden**

Unlike other weekend educations, you are required to be in the studio studying, practice teaching and joining our studio classes to both understand the exercises in your own body and understand how to support the body you are teaching. This will cut you apart as a teacher with a depth of experience and learning that's not possible to pick up on a weekend certificate course.

✓ **Limhamn Pilates classes included in education**

Included in your education is a set number of studio classes to work on the understanding of the method in your body.

✓ **Opportunity for successful instructors to work in studio**

We pick the best instructors to work at Limhamn Pilates as our customers deserve the very best there is to offer.

✓ **Visiting International guest trainers**

We have a wide international network of trainers who are willing to appear as guest instructors at our studio and you will be on the priority list to register at these events.
